The Nourishing Communities Grants Program provides financial support to local 501(c)(3) nonprofit meal programs that serve nutritious food to people facing food insecurity. By strengthening the capacity of community-based meal programs, the grants program aims to increase access to affordable, nutritious food for vulnerable populations struggling with food poverty, supporting the mission and activities of qualified nonprofit organizations.

In 2024, the Nourishing Communities Grant Program support will be directed to 501(c)(3) nonprofit organizations operating meal programs to feed the underserved in the communities providing fundraising initiatives.
